

Oxygen Medical

Biztos orvosi háttér

Oxygen Medical would like to thank for OnlineInfo Tech Ltd. to use Online Med company controlling and administration system.

The system is a great advantage for all field: patient registration, advance booking, diagnosis and accounting.

It also helps us to keep in touch with our patients, follow patient history. It gives us usefull information about marketing, income and outcomes, all together it helps the management. Mobility is a great advantage.

Therefor the important informations are reachable even from your laptop for doctors, management and patients.

Online Med is made for XXI.century technology, made for web 2.0.
